[To Change Membership Option](#)

- This change will take effect at our next membership cycle of Nov 1.
- When making this election anytime outside of the “renewal” cycle of Sep 1 – Oct 31, it will **ADD** a year to your subscription and require you to pay for it at the time you change options.
- Then, come time for normal renewal, you will receive an email reminding you not to renew; your membership will just continue. You can verify this by clicking on the Subscriptions link again, and you should see two Memberships listed for different years.
- If you wish to avoid adding an additional year to your membership, just wait for the renewal cycle to begin (Sep 1) and make the change at that time which will go into effect Nov 1.
